GERMAN LINE AGAIN BROKEN

French By Assault Push Along Twelve-Mile Front in West

TAKE 15,000 CAPTIVES

Advance Extends From Barleux To Chaulnes—Progress Made East of Forest

Paris, Sept. 5.—"A bloody battle is going on on both banks of the Somme," says the official communication issued by the War Office last night. "The French have made fresh progress east of the village of Forest, north of the river, and on the south have successfully attacked objectives on a front of 20 kilometres (12 1-2 miles), from Barleux to Chaulnes.

"The village of Soyecourt was brilliantly carried by assault as well as part of Vermandovillers. More than 15,000 prisoners have been taken north and south of the Somme in the last two days.

"Progress also was made on the right bank of the Meuse (Verdun sector), in the Fleury region."

Operations Sunday night and the early part of yesterday were retarded by bad weather. The French spent the comparative lull in organizing the positions taken yesterday.

According to the day's report, 14 guns were captured in Sunday's actions.

London, Sept. 5.—As the result of the fighting Sunday north of the River Somme, in France, says the British official statement issued yesterday, British troops captured German defenses on a 3,000-yard front for an average depth of 800 yards and including the village of Guillemont.

The whole of Ginchy at first was captured, but the British were compelled to give ground, retaining hold of part of the village despite heavy counter-attacks in the course of the night. More than 800 Germans were taken prisoners.

Berlin, Sept. 5.— In an extensive and bitter battle developing from the Anglo-French attacks begun Sunday, says the German official statement, the Germans retained mastery over all their positions on both sides of the Ancre brook and recaptured ground which they had lost near Mouquet farm. South of the Somme, the satement adds, German artillery broke down French attacks except in the sector southwest of Barleaux. Between Ginchy and the River Somme the Germans contested yard by yard the completely destroyed German first positions, which were entered by the British, and, the statement says, stemmed the attack on the second line. Guillemont and Forest were captured from the Germans.

With the British Army in France, Sept. 5.—As fuller reports come in, there is general elation at army headquarters over the results of the British and French attacks against the German positions in the Somme region.'

A chill, heavy rain is falling this morning, drenching the German prisoners in the collecting stations and the wounded, which are still being brought off the field. On most parts of the line the night was one of continuous fighting.

The Germans had massed great forces against the British and responded with prompt counter-attacks under cover of an immense volume of artillery fire. British guns laid their sheets of crashing blasts on the German trenches up to the very moment that the British infantry reached the German trenches, and no sooner were the infantry in the German trenches than the Germans turned the same kind of a hurricane on them.

With every action the artillery seems to become more powerful and accurate and the infantry more cunning in working in co-operation with it, and Sunday from Ginchy south to the Somme, where the crux of the action was, the last word in scientific, concentrated majesty and the horror of modern warfare was represented.

Probably the British took about 1,000 prisoners who reached the collecting staticns alive through the successive curtain of fire. Nearly all the Germans in the Guillemont sector were killed. The wounded who sought cover in shell craters were killed by another shell.

RUSSIANS STILL OF THE ADVANCE

Force Way Across Theniovka River and Seize Position

IS DENIED BY BERLIN

Series of Heights Near Hungarian Frontier Taken—Capture 19,405 Prisoners

Bucharest, Sept. 5—The Roumanian War Office announces that Roumanian troops have occupied Borszek and Sekeli in Transylvania. The Teutonic-Bulgarian allies have been repulsed in Basardjik in Dobrudja, but elsewhere continue their attack along the whole frontier between Dobrudja and Bulgaria.

A raid by three hostile hydro-aeroplanes upon the city of Constanza, on the Roumanian coast of the Black Sea, with the wounding of several civilians and children, is announced.

Petrograd, Sept. 5—The Russians have broken across the Theniovka river, a western tributary of the Zlota Lipa, and seized a position of the Austro-German troops, the War Office announce. They took 2,721 prisoners, 80 officers and 2,641 men and six machine guns.

The Russian victory was won in the neighborhood of Brzezany, 50 miles southeast of Lemberg.

A gas attack near Baranovichi was repulsed.

In the vicinity of Vladimir-Volynski, in Volhynia, fierce battles are in progress near Sheltuvov and Korytniza. Heavy engagements also are under way along the Upper Sereth.

The Russian forces in the Carpathians, the announcement also says, have captured a whole series of mountain heights and are advancing to Hungarian frontier.

Between Thursday and Sunday the troops of the Russian commander General Brusiloff captured 385 officers and 19,020 men. In this number were 11 German officers and 1,300 German privates. Twelve cannon, 76 machine guns and 7 bomb mortars also were taken.

Berlin, Sept. 5—After violent fighting, says the Austro-Hungarian statement issued at Vienna, Mount Plunks, southwest of Rafailvo, in the Carpathians, was taken by the Russians. The statement says in reference to the fighting on this front:

"Archduke Charles' front: Southwest of Fundumoldivi and west of Moldava our troops completely repulsed several Russian attacks. Mount Plunka, southwest of Rafailvo, was taken by the Russians after violent fighting.

"Southeast of Bezezany yesterday several Russian advances failed. Today (Sunday) the enemy began a new attack.

"Prince Leopold's front: North of Zborow German troops of General von Boehm-Ermolli's army pursued the enemy beyond his trenches when repulsing a Russian attack."

Rome, Sept. 5—Italian troops have made additional successes in Albania, east of Avlona, says an official statement. The villages of Kata and Drizar have been occupied and Monte Gradist has been taken. Later, the statement says, the Italians retired to the right bank of the Voyusa, having accomplished their object.

Berlin, Sept. 5—German and Bulgarian troops which had crossed the southeastern frontier of Roumania between the River Danube and the Black Sea, advanced Sunday, says the official statement issued by German army headquarters.

Near Koemar, the Bulgarian cavalry drove back the Roumanian infantry capturing 710 men.

DIVIDED ON NEGRO BISHOPS

Protestant Episcopal Commission To Submit Two Reports.

New York, Sept. 5—A joint commission of clergy and laymen, appointed at the last triennial general convention of the Protestant Episcopal Church to consider the proposal to have negro bishops at lange to supervise negro churches, has failed to agree and has prepared two opposing reports for the next general convention beginning October 8, at St. Louis.

The majority report recommends the establishment of a separate racial district for negroes in the South, relieving bishops of Southern dioceses of further jurisdiction over the thousands of negro members of the church, and the election and consecration of a negro bishop or negro bishops at large. The minority report recommends, instead, that some Southern diocese soon shall take advantage of its present right according to the canons of the church to elect a negro suffragan bishop to serve under the white bishop of the diocese. The dissenting report suggests that the system proposed by the majority will inevitably tend to weaken in the white man the sense of responsibility for the negro.

SUTHARD.

In sad but loving remembrance of our little daughter, Virginia, who departed this life two years ago, Saturday, September 2, 1914.

Day by day I saw her fade,
And slowly pass away,
But in my heart I often prayed
That she might longer stay.

We shall never cease to love you,
Though your form be in the dust,
And some day we hope to meet you;
To this end in God we trust.

From her devoted mother and father.

'Tis hard to break the tender cord
When love has bound the heart.
'Tis hard, so hard, to speak the words
"Must we forever part?"

By her sister and brothers.

She will always be remembered
In this weary world of strife;
She will never be forgotten
As long as God gives life.

From her loving Grandmother and Aunt Mamie.

The electric cars brought crowds of people from Fairfax and various other outside towns to the meeting Sunday night, and large numbers are looked for from the surrounding country this evening.

REPUBLICAN COMMITTEE

Unconfirmed Report of a Meeting to Be Held in Alexandria

Announcement that a meeting of the State Republican Committee of Virginia would be held in Alexandria today in response to a call by Representative C. Bascom Slemp, of the Ninth Virginia district, was unconfirmed today by local Republicans. There was a report current in this city last night that the State committee would meet here today to nonominate a Republican candidate to oppose Senator Claude A. Swanson, who will be nominated by the Democrats, and several names were mentioned in connection with the nomination. This repert, dated Washington, appeared in several papers this morning.

Today, however, members of the local Republican committee stated that they had hot been notified of such a meeting, but that they had intelligence that a meeting for this purpose was to be held in this city September 14. It is possible, they stated, that the meeting would be held without notification to them until the time of the meeting.

Names mentioned in connection with the proposed opposition by the State Republicans to Senator Swanson's re-election include Robert H. Angell and S. Harris Hoge, Roanoke, D. L. Groner, of Norfolk, Jacob Yost, Staunton, Jennings Wise, Richmond, and C. A. Heefmans, Danville.

Representative Slemp has been active recently in efforts to secure a candidate to run as an Independent against Swanson, but has at last given up the idea, and is now attempting to place a Republican candidate in the field. Senator Swanson has a strong hold on Virginia voters, however, and his re-election is conceded even by Republicans.

Despite efforts of Slemp to stir up Republican sentiment in the State, the Democrats are now exercising all efforts to have E. Lee Trinkle, Democrat, defeat Representative Slemp in the next Congressional election, and are seeing visions of a solid Democratic delegation in Congress in the near future, for years Slemp having been the only Republican.

HUGHES SPEAKS, WILSON CHEERED

Democratic Sympathizers Heckle Republican Nominee

HE IS DISAPPOINTED

Declines to Attend Labor Day Celebration When Advised No Invitation is Extended

Nashville, Tenn., Sept. 5.—In territory which no Republican presidential nominee has ever visited before, Charles E. Hughes last night faced a tumultuous audience in the auditorium here. With cheers for Woodrow Wilson ringing again and again in his ears, heckled by questioners and halted often by Democratic sympathizers, the nominee delivered his speech, criticizing the administration for its policies, declaring for a protective tariff and, in a reference which the audience took to apply to the enactment of the Adamson bill, asserting that he stood firmly for the arbitration of all industrial disputes.

"I believe there is no grievance with respect to labor," Mr. Hughes said, "that cannot be settled by a fair, candid examination of the facts."

"I believe, " he continued, "in protecting American industry."

"And the man who can do it is Woodrow Wilson," shouted a man from the balcony. A wave of handclapping checked the nominee.

The nominee then assailed the administration for its policy toward Mexico. He outlined its attitude toward Huerta.

"You would have recognized that assasin," shouted a man from the audience, "would you?"

"Now, I didn't say that," Mr. Hughes started to reply.

The rest of his answer was lost in the tumult that followed.

"What would you have done?" shouted another man as the noise subsided.

"I would have protected American rights," the nominee shouted quickly. The audience rose and applauded loudly.

"I stand for two things: first, for the principle of fair, impartial, thorough, candid arbitration; and, second, for legislation on facts, according to necessities of the case. And I am opposed to being dictated to either in the executive department or Congress by any power on earth before the facts are known and in the absence of the facts."

The audience, which had interrupted Mr. Hughes, repeatedly in the earlier portion of his speech to cheer for Woodrow Wilson, heard the nominee's declaration in silence and at its conclusion applauded him as enthusiastically as it had heckled him before.

The nominees address last night ended his political activities for the day. He left late last night for Lexington, Ky., where he will speak today.

Mr. Hughes early yesterday declined to attend the Labor Day celebration here, when he was advised no formal invitation had been extended to him by labor leaders, and that he would not be permitted to speak except on non-political subjects. Mr. Hughes also declined to review the Tennessee National Guard, saying that he had no right to do so.

The fate of the Jews in Roumania is described in a pitiable tale in the Berliner Tageblatt from its special correspondent. Leo Lederer, who was among the last to leave Bucharest a few hours before the declaration of war. Lederer declares orders were issued that Jewish soldiers be placed in the first line. The situation of the Jews, he says, will be particularly hard if, as expected, the Russians take over the direction of Roumania's policy.

ALLIES NOW TO HOLD GREECE

Secure Arrest of German Agent and Enforce Demands

ZAIMOS IS DICTATOR

He can Swing Country Into War Against Central Powers at Any Time He May Choose

Athens, Sept. 5—Baron Von Schenk, chief director of the German propaganda in Greece, has been arrested and taken on board a cruiser of the Entente Allies. Sixteen additional warships of the Entente powers have arrived at Piraeus.

Seizing the opportunity offered by the presence at Piraeus, within gunshot of Athens, of a large fleet of the Entente nations, Premier Zaimis has assumed unobtrusively what amounts virtually to dictatorial powers. All is now in readiness for the final act to end the neutrality of Greece.

Meanwhile the Allies are rapidly ridding Athens and Piraeus of Austrian and German agents.

London, Sept. 5—The Greek Government has accepted the demands of the Entente powers in their entirety, and agents of the French and British Governments are taking over the control of postal and telegraphic communication.

British and French Ministers at Athens presented on Saturday a note to the Greek Government demanding control of the posts, telegraph and wireless system on the ground that they were being used by enemies of the Entente, demanded that agents of the Teutonic allies employed in corruption and espionage must immediately leave Greece, and that measures be taken against Greek subjects guilty of complicity therein.

The Entente diplomats demanded that Baron von Schenk and 60 coworkers in behalf of the Central Empire be expelled from Greece. It was reported that he had barricaded himself in his house in Athens and surrounded it with a store of armed guards and his friends to protect him.

London, Sept. 5—Prince Bernhard von Buelow, former Imperial German Chancellor, after a visit with the Kaiser, has hurriedly gone to Athens, according to an Exchange Telegraph dispatch, based on reports from Berlin.

AIR RAIDS ON LONDON

Results Disproportionate to Ships Engaged.

London, Sept. 5—While reports of the damage caused by Saturday night's air raid are still incomplete Sir John French, commander of the home forces, Sunday announced that from information at hand he is able to state that the results were entirely disproportionate to the number of airships engaged.

Reports of casualties at hand show that two persons were killed and thirteen injured. Twenty-five houses and some cottages in London were damaged, but no military point was hit. A gas works was set on fire, accounting for the early reports of flames caused in London.

Only three of the thirteen airships engaged in the raid succeeded in reaching London. No lives were lost in the metropolitan district. Indeed, the raiders failed to reach the center of the metropolis, all the damage being done in the outskirts.

Of the three ships which reached London one was shot down in flames by anti-aircraft guns and aeroplanes. It fell in a wrecked condition near Enfield, at a village named Cuffley.

Half burned bodies of the crew were found scattered around the wreckage of the engines. A great part of the airship had been consumed by flames.

Twelve bandits were captured by government troops and hanged to telegraph poles, and several other outlaws lost their lives when they attempted to hold up a passenger train on the Mexican National Lines at Gonzales Junction, just south of San Luis Potosi, last Saturday.

Colored Female Angler Tumbles Into Dock After Having Received a Bite

During the summer season, when there is a demand for female help in many houses in Alexandria, numbers of colored women and girls take sun baths and naps on the river front while holding fishing lines in their hands. Yesterday afternoon several of this class were dangling lines in the dock at the foot of Cameron street awaiting "bites." The finny tribe were slow in investigating the temptations which had been placed upon the hooks, and during a protracted interval one of the anglers fell into a doze. A predatory catfish or eel came along in the meantime and catching the bait viciously tugged at the line. This rude awakening caused the woman at the other end of the line to make a sudden move which precipitated her into the dock. A number of colored men who were at work on the wharf ran to her rescue and soon placed her in a rather bedraggled condition upon terra firma. The rescuers, inclined to turn the incident into fun, insisted upon rolling the woman on a barrel in order, as they said, to "bring her to." The woman, however, objected to any such procedure, and said, "Get away from me now; I needs none of your rolling." She was soon wending her way out of the vicinity.

VIRGINIA NEWS

While playing with a small air-rifle, William Carichloff, eight years old, son of Ashby Carickhoff of Harrisonburg, was shot through the left eye on Saturday when the rifle was accidentally discharged. The bullet split the eye-ball and lodged in the brain. The boy was taken to University Hospital, Charlottesville, for an X-ray examination and operation. He became conscious a short while before he left for the hospital.

Frances Babb, four-year-old daughter of J. E. Babb, of Suffolk, was run over and injured last night by an automobile filled with colored men. The driver of the car, which was going at a rapid rate of speed, saw the child and attempted to stop, but struck her. When they saw the child had been hurt, the occupants of the auto speeded up and got away before their names could be learned or the number of the car secured.

"TANLAC CURED ME" SAYS SUFFOLK MAN

Well Known Farmer of Nansemond County, Virginia, Praises New Medicine.

In the following testimonial regarding the unparalleled good he received from the use of Tanlac, the widely known medicine, Mr. W. J. Vaughan, R. F. D. No. 3, Suffolk, Va, He said:

"I was suffering terribly from rheumatism and indigestion. My rheumatism was so bad and painful I could scarcely walk and because of the indigestion from which I suffered I never properly digested anything I ate, I had reached a most distressing state when I noticed a Tanlac advertisement in the Suffolk Herald. From what I read the relief had been remarkable.

"After taking two bottles of Tanlac my rheumatism was entirely gone and my digestion was good. I now feel no hesitance in recommending the new medicine in the highest terms."

In cases of stomach trouble, kidney, liver or bladder ailments, catarrhal affections and hundreds of other ailments Tanlac is proving a wonderful remedy and those suffering here as this gentlemen did would do well to visit E. S. Leadbeater, Inc, where Tanlac is now being introduced.

NEGRO ON THE RAMPAGE

Alleges He Had Been Robbed, and Drawing Knife Would Have Cleaned Out Saloon

A young man named Alfred Taylor appeared in the "Petersburg" section of the city yesterday afternoon in a drunken condition. He alleged he had been robbed of his money, and made charges against several negroes, including some women. Officer Munday, who was in the neighborhood at the time, made examinations of the suspects named by the darkey, and satisfied himself that they were not guilty as charged by Taylor. The officer told the darkey he had better get back to Washington or wherever he came from, when Taylor became insolent, alleging he had not the necessary wherewithal to pay his fare out of the city, still insisting that he had been robbed. Taylor then entered a saloon and drawing a knife proclaimed that he would recover his alleged loss or clean out the place. Officer Munday approached the darkey and having brought him into the street was bent on locking him up. The negro at the juncture became vicious and would have stabbed the officer. The latter with a well-directed swing of his club knocked the frenzied darkey down, after which he allowed himself to be arrested and locked up. He was brought before the Police Court this morning when Justice Caton fined him five dollars.

CASE CONTINUED

A white man giving his name as Ivan Davis was taken into custody last night in front of the pharmacy of J. A. Dienelt, 1113 King street, after throwing his coat and other articles of clothing from an automobile in which he was driving, and shortly before having fallen off a jitney bus in a helplessly drunken condition. This morning in Police Court Justice Caton continued his case.

SCATTER THE PLAYERS

Negro Appears in a Pool Room Armed With a Pistol and Wounds a Man.

A negro named David Marshall forged his way into a pool room on the northeast corner of Gibbon and Pitt streets late yesterday and caused a stampede of most of the inmates.

Marshall was armed with a pistol, which he discharged several times in the room, apparently making no one his target, but unconcerned as to where the bullets might strike. During his promiscuous shooting a ball from the pistol entered the shoulder of Arthur Johnson, colored. Officer Zell was soon on hand, but by the time he reached the scene Marshall had vanished. The policeman entered from the Pitt street door and Marshall made his exit from a rear door, running in an easterly direction.

Johnson was conveyed to the Alexandria Hospital, where he wat attended by Doctor Llewellyn Powell. Marshall is still at large.

OBSERVANCE OF LABOR DAY

Many Residents Hie Themselves to Nearby Resorts.

Alexandria was partially deserted yesterday afternoon, with a large portion of its population away in the capital city, picnicking and at various pleasure resorts. All the stores, federal and municipal offices were closed also, and the sun shone yesterday afternoon on streets which were almost bare of pedestrians and vehicles.

Numbers of automobile parties passed through this city yesterday afternoon, however, on their way along the picturesque Mount Vernon boulevard, and many stopped at the various places of historic interest in this city, the old town having a reputation far and wide for its historic past and its wealth of legend and tradition.

Labor Day is always observed in Alexandria as a holiday equal in importance to others observed by law, and yesterday was no exception to the rule. No serious violations of the law were reported, except for a few minor fights, in which negroes were the principals.

Last night the streets were crowded with returning excursionists and picnickers.

ARRAIGNED BY HIS WIFE

Among the cases before the Police Court this morning was that of a young negro man named Edward Corbin, who had been arraigned at the instance of his wife, on the charge of assault. The wife, a comely mulatto, testified that she had been married seven months, and that family jars were already in evidence. She alleged that her husband had assaulted her at the breakfast table. Justice Caton dismissed the case, telling the couple to go home and live together in peace.

TENT MEETINGS CLOSED

The gospel tent meetings on north Washington Street, conducted by Evangelist F. E. Gibson, closed Sunday night with a splendid attendance.

These services proved very successful. Evangelist Gibson publicly expressed his appreciation of the cooperation of the citizens who have been attending the services, and also of the Gazette, which virtually opened its columns to the evangelist, and also for the kindness of Congressman Carlin who donated the use of his lot for the meetings.

VON HINDENBURG'S TASK.

Berlin dispatches announce that the appointment of Field Marshal von Hindenburg as chief of the German general staff has been received with great enthusiasm by the populace, reflecting, as it does, a long-cherished wish. While it is, in a way, an effort to placate public opinion, it is also a recognition by the kaiser of the necessity of changing the existing war plans, strategetically and otherwise. The Richmond Journal observes that the German people had begun to lose faith in the outcome of the war, to distrust their newspapers, to look askance upon official reports from Berlin. The magic of von Hindenburg's name is expected to dissipate these doubts, in a measure, and give assurance that the war will be conducted with unswerving pertinacity and ruthless disregard of ethics. If the stern old field marshal fails, at least, the kaiser cannot be reproached by his people for neglecting to call on him in a crisis. That a crisis was reached with the advent of Roumania into the war no student of the situation can doubt. That Greece will follow suit is the general belief and it is now hinted that Bulgaria will presently be found transferring her allegiance to the allies and marching in step with her former savior, Russia. It need surprise no none to see all the Balkan states once more reunited and, with the help of the allies administer such a thrashing to Turkey and Austria-Hungary that will put both out of the running for generations to come. Mackensen is expected to oppose the combined front of the Balkans, aided by the Bulgarians, who, however, may not stay "put." If the Bulgars, frightened by the attitude of Roumania and Greece, decide to renounce the central powers' alliance, the situation of the latter will be that much more critical. What von Hindenburg will do is the task of the opposing military experts to guess. It is a smart general who can forestall the moves of his adversary. The new chief of staff will, probably cause the allies to do tall guessing.

BRUTES IN HUMAN FORM

Occasionally we read of joy riders running down pedestrains with their automobile and then speeding away, not caring what injuries their victims may have suffered.

The following dastardly act was committed by occupants of a motorboat.

Two sisters were drowned in the Delaware River yesterday opposite Lardner's Point pumping station near Philadelphia, when practical jokers in a launch caused a canoe, carrying the sisters and two youths to swamp and then sat calmly in the boat and watched the girls sink. The boys, brothers, who were barely to keep afloat when the canoe filled, with water, saved their lives by grasping the sides of the motorboat. A few moments later they were transferred to another launch and sent ashore. For several hours last night the crew of a police boat searched the upper Delaware for a trace of the launch and the occupants responsible for the tragedy. If taken into custody the men will be charged with homicide. The two girls who lost their lives were Alice Maussner, 17 years old, and her sister Jennie, 19 years old.

NEW WEEKLY PAPER

The State Journal, a new weekly paper of Richmond, has made its appearance. It contains sixteen pages of interesting reading. The following is one of its editorials, which expresses sensible suggestions. It is entitled "The Dangerous Editor:"

Every now and then somebody becomes offended with an editor because he expresses an opinion on a debatable question and wants to put him out of business. This is all wrong. There is no great danger from an editor who frankly gives his views on public questions. If he is mistaken, the public will soon find it out and he will lose his influence. The really dangerous editor is the one who says what he does not believe or the one who fails to say what he does believe. These are they who make the press at times a menace, and many influences are constantly at work to make them fall into these errors. Those people who want to see right and justice prevail should encourage the freest and fullest discussion on the part of the editors, and should not become offended and try to coerce the one who happens to express views contrary to theirs. If they succeed in silencing him or making him say what he does not believe, they lose respect for him because they can never thereafter be satisfied that somebody else is not controlling him the same way. If an editor cannot express his thoughts, he soon ceases to think. What is most to be desired is to encourage the editors to think and then to tell what they think.

LETTERS FROM THE PEOPLE

Under the above heading the Gazette will be pleased to give reasonable space to any person who desires to make comment upon matters of general intrest to the public. Writers will of course be responsible for their utterances. A a guarantee of good faith, the name and address of the writer of any article submitted for publication will be required in each instance.—Editor Gazette.

HATS OFF TO THE SOX.

Editor Gazette:

The members of the White Sox baseball team, although defeated and tailenders in the northern Virginia title series, deserve the highest praise for their grit and nerve in refusing to quit and fought hard to win in every game. Their players are above the average and have caused all their rivals trouble at all times during the series.

The hats of every man on the Cardinal team are lifted to their fellow townsmen, the White Sox, who fought hard and never quit.

NEWS OF THE DAY

Villa scouts have it is said been sighted near Namiquipa, 40 miles south of the punitive expedition advanced base at El Valle,

James Edward Graybill, one of the famous founders of the Georgia Society in New York, died at his home, there Sunday nigh. He was 72 years old. Mr. Graybill was born in Macon, Ga., He fought under Gen. Joe Wheeler in the civil war, and was the first Confederate soldier to make a speech at Gen. Grant's tomb in this city. For three years he had been president of the Georgia Society, and was lieutenant commander of the Confederate Veterans' Camp of New York. Mr. Graybill had practiced law here for 35 years.

For holding up Jailer Harry Hechler on the night of August 26 and attempting a jail delivery Charles Butris, Joseph Schetts and Lester Titus, all prisoners in the Henrico jail, were given six months in prison and fined $100 each by Magistrate H. S. Sunday, of Henrico county, Friday. For smuggling into the jail the revolver with which Jailer Hechler was held up Butris was given an additional sentence of ninety days and fined $50 and costs. The attempted delivery took place at night.

Street riots in which sympathizers in a strike of street railway trainmen participated, followed a Labor day parade yesterday in El Paso, Tex., Several cars operated by non-union motormen and conductors were pulled from the rails and wrecked. The local police were powerless against the mobs that filled the downtown streets and appealed to the military for aid. Gen. George Bell, jr., commanding, replied that was unable to interfere in a civil matter. The rioters were dispersed only after a score had been arrested. Following the rioting street railway traffic was suspended and all saloons closed.

Rev. J. Sidney Peters, who was formerly field secretary of the Anti-Saloon League of Virginia, Friday morning qualified before Judge William R. Barksdale, circuit judge of the Halifax Circuit Court, at Houston, as Virginia prohibition commissioner, an office which was created at the last meeting of the General Assembly. Although the prohibition laws which were enacted at the last meeting of the General Assembly do not become effective until two months hence, Mr. Peters will assume his office at once in order to make preparations before the laws go into effect.

Food dealers who gambled on the expected isolation of New York from outside supplies as a result of the threatened railroad strike and held back shipments to unload at famine prices, found themselves yesterday overwhelmed by their own plot. Prices suddenly collapsed with the averting of the strike and the food gamblers were quantities of supplies on their hands One speculator is reported to have lost hundreds of thousands of dollars.

"He had to be drowned and I thought I was the one to do it." This is the explanation Mrs. C. F. Skinner, wife of a farmer living near Lithonia, Georgia, made to officers when they came to arrest her for killing her 2 year old son. The woman was declared insane. She carried her baby to an old well and threw it in, standing by and peering down until the little form ceased to struggle in the water. An older child told the neighbors, who summoned the authorities.

Samuel Gompers in a Labor Day address yesterday afternoon at Lewiston, Me., served notice on the nation that organized labor would fight to the last to prevent laws compelling Federal investigation into labor difficulties before strikes are called. Gompers also declared for a world federation of labor, bitterly denounced the Republican party and Charles E. Hughes, and held up the Democratic party and President Wilson as the only true political friend of labor. He said labor's slogan is "to reward political friends and defeat enemies." Gompers also declared the A. F. of L. had been instrumental in getting the Wilson administration to recognize Carranza as head of the Mexican government, and in preventing armed intervention.

KILLED HIS WIFE.

Former Bank Teller Shoots Her to Death—Jumps From Train

Chicago, Ill., Sept. 5—"I killed her because I wanted to save her purity," was J. Maurice Pettit's explanation to police yesterday for the murder of his beautiful twenty-year-old bride of a month. Pettit was arrested Saturday afternoon near Detroit, Mich., and brought back here Sunday. He is now a closely guarded patient at the Bridwell hospital as a result of a desperate attempt to escape from a train en route here. He dived through a window of a coach near Michigan City, Ind., but the speed of the train caused him to strike the ground with terrific force and he lay where he fell until detectives came back and got him.

"She still lives as you and I do," Pettit told the police. "When I killed her I did it materially, not spiritually. Other men called at the flat and talked to her. I was jealous. I was wrong in that. She was always good and pure." Pettit was captured at a farm house near Detroit. A farmer recognized him from a newspaper photograph. When arrested he admitted he killed his wife, police say. Pettit's condition was still considered serious yesterday. He suffered two punctures of the left lung from the ends of broken ribs when he attempted to escape. Pettit formerly was a bank teller at Cedar Rapids, Iowa.

A case of films exploded in the operating booth of the Wilmont Theater, Christianburg, yesterday afternoon, the flames spreading to several sets of films, all of which were destroyed and the machine badly damaged. The spectators, the majority school children, were moved out without trouble, and the fire was confined to the operating room. Operator Overton Tibbs received burns about the face in his efforts to put out the blaze.

WILSON IN [illegible]

Accepts Lincoln's Birthplace as Gift to American People.

Hodgensville, Ky., Sept. 5—At the Lincoln celebration here yesterday a lanky mountaineer, after gazing reflectively at the President for some time, remarked:

"Well, you're a hell of a lot better lookin' than those cartoonists make you."

Both the President and Mrs. Wilson joined in the general laugh.

Hodgensville, Ky., Sept. 5—The President and Mrs. Wilson left for Washington on their special train at 2:03 o'clock yesterday afternoon.

The Presidential party departed immediately after President Wilson had concluded his speech accepting Lincoln's birthplace as a gift to the American people. Five thousand people paid silent tribute to the memory of Lincoln while President Wilson accepted the great emancipator's birthplace. Ex. Gov. Folk, of Missouri, made the first speech of the afternoon followed by President Wilson. President Wilson drew a wonderful picture of Lincoln in his short speech.

With a short, lightning-fast right cross to the jaw, Johnny Kilbane, knocked out George Chaney, Baltimore's challenger, in the scheduled 15-round battle for the featherweight championship of the world yesterday at Cedar Point, Ohio. The blow was a powerful one, but in addition the champion hurled the contender from him and he fell flat on his face while Referee Matt Hinkel counted him out. At the mention of nine George opened his eyes raised up, but was in no condition to get upon his feet. Indeed the arbiter might have counted 20, for several times he stopped and nudged the defeated man to see what was wrong.

FINISH SECOND IN QUADRUPLE SCULLS

Old Dominion Boat Club's crew came out second in the only event in which the local boat club was represented in the big Middle States regatta yesterday afternoon in Washington, under the aupices of the Potomac Boat Club, of that city. The event was the junior quadruple sculls and the winner the Malta Boat Club, of Philadelphia, whose crew was composed of Schuested, bow; Martin, 2; Brown, 3; and Pettit, stroke. Malta's time was 5.38.

The oarsmen in the local boat were Roland Gaines, bow; John L. Curtin, 2; Francis L. Summers, 3; James W. Roberts, jr., stroke. Their time for the race was 5.50.

A number from this city attended the regatta yesterday, which was quite a gay affair, and full of interesting features. There were thrilling finishes to many of the races.

King Ferdinand, of Bulgaria sleeps in a cellar to avoid danger from allied airmen belonging to the Saloniki armies. The King's alleged fear, a dispatch from Zurich states, is similar to the cowardice he displayed in the Balkan war of 1912-13, when he earned the contempt of his staff. The cellar which forms the King's present alleged hiding place is said to be luxuriously furnished. It has a ceiling of steel plates which are bomb-proof.

Mr. Birney was a former district attorney, prominent member of the District of Columbia Bar Association and closely identified with the civic life and business of Washington.

Stanton A. Johnson, employed as a fireman for the Norfolk and Western Railway, was instantly killed between 7 and 8 o'clock yesterday morning in the company's yard at Hopewell. Mr. Johnson was only 27 years of age and until moving to Petersburg, recently resided near Waverly. He is survived by a widow and one child.

Soon there will be a show down between the state and the bank officers. This is inevitable, in view of the ruling of Christopher B. Garnett, of the state tax board, who has issued orders to the examiners of record to request of banks a list of certain depositors who have now, or have had for any year since 1903, money on deposit, the names being those of persons who have had lists sent to them and who have made "ridiculously small returns," in the opinion of Mr. Garnett. Mr. Garnett says any bank officers who shall fail, under oath, to give the information desired by the examiner or the local tax board may be guilty of a misdemeanor.

The battleships Pennsylvania and Oklahoma, America's two greatest fighting ships, will open fire Tuesday on the sunken hulk of the old battleship San Marcos, formerly the Texas, which lies submerged in Chesapeake [illegible] a section of her deck and [illegible] superstructure are visible.

Police of Milwaukee are working in an effort to solve the mystery of [illegible], Mrs. Julia Kratz Demin, 27 years old, formerly of Richmond, Va., was found murdered in her home in that city, Thursday. Her husband, Louis Demin, was also murderously attacked, and is now in a hospital in a dangerous condition. No trace has yet been found of the criminals, whose motive was evidently robbery, as several articles were found missing upon investigation.

With Judge Thomas W. Harrison, of Winchester, ready to take his seat in congress the moment Congressman James Hay steps aside to don the ermine of the bench of the court of claims, the question of the judgeship for the Seventeenth circuit will come to the front. In many parts of the circuit Aubrey G. Weaver, of Front Royal, the law partner of Senator Henry H. Downing, has been endorsed for the vacancy on the bench, though he is being valiantly opposed. Winchester, the home of former Senator R. M. Ward, also a candidate for the bench held a mass meeting and made vigorous protest against the selection of Mr. Weaver. General belief is that Mr. Weaver will be named.

NEWS OF THE DAY.

One is dead and two injured as the result of Thomas Dorsey, a negro, becoming crazed on a crowded street car in Indianapolis, Sunday and firing a number of shots down the aisle of the car at his wife. Dorsey committed suicide when cornered in the car by a policeman. His wife is injured seriously. Another colored woman was shot in the knee. A panic among the passengers followed the first shot and car windows were broken as men and women tried to get out of the car. The Dorseys had been having domestic trouble and got on the car together to go to a lawyer's office to get advice about a divorce, it was said.

Yesterday marked the sixty-seventh day since Dr. H. G. Huffman, oculist, of Youngstown, Ohio, has partaken of food. Dr. Huffman is now in a "nature cure" sanatorium in a critical condition He is delirious and unable to sleep. He is reduced to a mere skeleton. Little hope is entertained for his recovery.

WRECK AND RUIN
may be visited upon a man at short notice, and misery if not physical collapse may be occasioned by the worry and suffering. Just think, a fire insurance policy is a panacea for these great tragedies of flame, smoke and water, which on occasions wipe out almost an entire city. Be protected in a substantial company which has a heavy surplus designed to tide over those great catastrophies.
